Subject: Friend, the time is near

Dear Friend,

Three elections in eight months

As you are aware we are contesting the Victorian election on November 24, the NSW election on March 23 and the federal election any time between now and the end of May.

We are aiming for balance of power positions in the three parliaments to maximise the Liberal Democrats agenda of smaller government, lower taxation and more personal freedom; in other words less interference in your life by government.

I have a proven record of achieving change in the parliament, but the Liberal Democrats would be so much more effective with more members of parliament.

Campaigning in multiple elections effectively is not possible without substantial support from people who want to see a change from the status quo.

We have been preparing for over two years but we need to build our war chest to enable us to purchase basic campaign tools such as corflutes, flyers, billboards and How to Vote cards.

If you want to see Liberal Democrat policies implemented in the parliament now is the time to act.

The Liberal Democrats are committed to shaking up the parliamentary status quo.

We hope you are too.

We are grateful for your ongoing support and appreciate if you are able to chip into our campaign.

The party has done a great job quadrupling its membership since I was first elected in 2013. It has also upgraded its community engagement, database systems and established a fundraising program to support its aims of gaining representation in each state.

Nevertheless, we still rely largely on our members and supporters to financially underpin our election campaigns to win more representation in state and federal parliaments.

We are grateful for your ongoing support and appreciate if you are able to chip in to help our election campaigns.
